## How Doctor Care Anywhere can help

### 24/7 Clinician Consultations

Quick access to GPs and ACPs by phone or video in under 2 hours.

### Fraction of the cost of PMI

Offer a cost effective way to provide accessible healthcare for all your employees.

### Convenient Prescriptions, Fit notes & Referrals

Prescriptions delivered to their door or chosen pharmacy.

# More than just online consultations:

## Comprehensive Health Assessments

Proactive diagnostic checks to spot and manage health risks early- completed at home or in clinic, perfect for remote teams.

## Tailored Physiotherapy Support

Help your employees move better, recover faster, and stay pain-free with tailored treatment plans from expert physiotherapists.

## Specialist Care Pathways

Support for Men's and Women's Health, Weight Management, Mental Health and more, tailored to individual needs.

## Personalised Products and Services

Tailored to suit individual needs of employer & employee. Integration capability into your existing platform.

Accessible, cost-effective care to reduce absences and drive productivity.

## Be an employer of choice

Prioritise your employees' health—empower your team with access to expert clinicians, advanced pathways, and round-the-clock care.

**A thriving team drives business success.**
